

PIANTA PIANO INTERRATO

PIANTA PIANO RIALZATO

PIANTA

The diagram shows a continuous beam with three spans. The spans are labeled with their lengths: 19.38, 4.01, and 4.50. The beam is supported by three vertical supports. The first support is labeled 'B' and the second is labeled 'A'. The beam is subjected to a uniformly distributed load of 0.92 across the entire length. The dimensions are given in feet and inches. The beam is shown in cross-section at the supports, with the top and bottom reinforcement bars indicated. The beam is shown in elevation, with the top and bottom reinforcement bars indicated. The beam is shown in cross-section at the supports, with the top and bottom reinforcement bars indicated. The beam is shown in elevation, with the top and bottom reinforcement bars indicated.
