USCITA →

← **USCITA**

A photograph of a cluttered industrial or warehouse interior. The floor is covered with debris, including wood shavings and small pieces of material. On the left, there is a tall metal shelving unit with several long, thin metal rods leaning against it. In the center, a red pallet is visible, and further back, a red pallet is also present. On the right, there are several red plastic crates or bins, some of which are stacked. A long, thin metal rod or pipe is leaning against the wall on the right. In the background, a white sign with the word "USCITA" (Exit) is mounted on the wall. The ceiling has exposed pipes and ductwork. The overall scene suggests a state of disarray or a recent event, possibly a fire or accident, given the debris and the presence of an exit sign.
